

## WHAT CART DO I HAVE?

*It is important to know the make, model and year of your cart when ordering. This section will help you identify your cart. Still have questions? Call us at 419-492-3232*

### Club Car Model Guide:

The serial number of each vehicle is printed on a bar code decal mounted either below the passenger side cup holder or above the accelerator or brake pedal.

- The first 1 or 2 letters determines the Model, as listed in the chart below
- The next 4 digits determine the Year and week of production (format is YYWK)
- The six digits following the hyphen represent the unique sequential number assigned to each vehicle built within a given model year
