

GR Golf cross reference for products compatible with Yamaha items.

REVISED 03/22/2023

Note: If you see “call n/a”, we are interested in verifying capability with our existing catalog items or adding this item to our line up. Please contact us by phone at 419-492-3232 to see if we still need the OEM item. If we do, it is our practice to provide a prepaid UPS label to you our customer so this may be sent to us and in return we will supply a brand new item free of charge so that you can test the fit and function of our newest item!
